You will play a crucial role in providing virtual visits to patients across various states. Utilizing phone and/or video calls, you will conduct visits to confirm the patient's conditions, medications and/or more.

Responsibilities

- Conduct scheduled synchronous via video and/or phone evaluations with patients.
- Utilize excellent communication skills to establish meaningful interactions and rapport with patients during consultations.
- Accurately document patient medical records.
- Collaborate with trainers and leadership to undergo remote training, equipping you with the necessary skills and knowledge to excel in the telehealth environment.

Requirements

- Active NP state licenses in good standing
- Multi-state licensed – strong plus!
- Proficient in technology use, including electronic health record systems and telehealth platforms
- Demonstrated excellent communication skills, with a strong focus on the nurse practitioner-patient interaction
- Prior Telehealth experience is preferred
- Availability for both phone and video consults to accommodate patient needs

Benefits

- Flexible Schedule
- Malpractice insurance provided
